EXAMINER'S COMMENT AND STATEMENT OF REASONS FOR ALLOWANCE

Comment on Submissions

1. This Office Action is responsive to submissions of 3 December 2004.

Examiner's Amendment

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Susan Parulski on 23 August 2006.

Claims 2 and 3 have been amended as follows:

--2, line 9. access area is exposed to [the] an ambient environment in which the reader is disposed as the storage phosphor is transported along the path;

--3, line 11. end of the path wherein the access area can be exposed to [the] an ambient environment as the storage phosphor is transported along the path;

Allowable Subject Matter

3. Claims 1-3 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Regarding independent claim 1, the reference such as *Hall et al (US 7,087,918 B2)* disclose a storage phosphor reader, comprising: a receiving station (14) adapted to

Art Unit: 2884

receive a cassette containing a removable storage phosphor; a path along which the storage phosphor is transportable in a first and second direction when removed from and returned to the cassette, the receiving station being disposed at one end of the path; an access area (22) disposed at the other end of the path wherein the access area can be exposed to ambient light as the storage phosphor is transported along the path; and an erase area (18), spaced from the access area (22), disposed along the path intermediate the receiving station (14) and the access area (22). However, the reference cannot be applied as prior art because it is filed after the instant application.

Regarding independent claims 2 and 3, the reference such as *Hall et al (US 7,087,918 B2)* disclose a storage phosphor reader, comprising: a receiving station (14) adapted to receive a cassette containing a removable storage phosphor; a path along which the storage phosphor is transportable in a first and second direction when removed from and returned to the cassette, the receiving station being disposed at one end of the path; an access area (22) disposed at the other end of the path wherein the access area is exposed to an ambient environment in which the reader is disposed as the storage phosphor is transported along the path; an erase area (18), separate from the access area (22), disposed along the path intermediate the receiving station (14) and the access area (22); and a removable or detachable cover (26) disposed in the access area. However, the reference cannot be applied as prior art because it is filed after the instant application.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2884

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
